INNOVATIVE VAPING SOLUTIONS

RELIABLE INNOVATION

The Purest Vape

- Innovative Testing Process
- Highest Grade Materials
- Pure Quartz & Borosilicate Glass
- Medical Grade Ceramics
- Clean Organic Cotton
- Food Grade Plastics & Silicone
- Surpasses Heavy Metal Requirements

With a primary focus on providing innovative high quality products using certified safe materials, you can rest assured your customers will enjoy the most reliable vaping experience.

A PARTNER YOU CAN TRUST

Since 2013, Novel has been an industry leader focused on high quality vaping solutions. Our "Novel Pure Vape" brand of cartridges, disposables and batteries are designed to pass the strictest testing standards and deliver the purest tasting vape all while giving your customers the quality and confidence they require.

NOVEL **SHENZHEN**

In 2013, founders James Chen & Janice Chen, surrounded by their hand picked team of professionals, began building their vision of what a high quality vape manufacturing company should be. Focusing on the highest level of customer satisfaction paired with the healthiest solutions for the end users enjoyment, Novel was born.

With a history of being focused on high quality & innovation, Novel is now proudly launching "Novel Pure Vape" brand of cartridges, disposables and batteries guaranteed to pass the strictest government testing standards to deliver the purest vape.

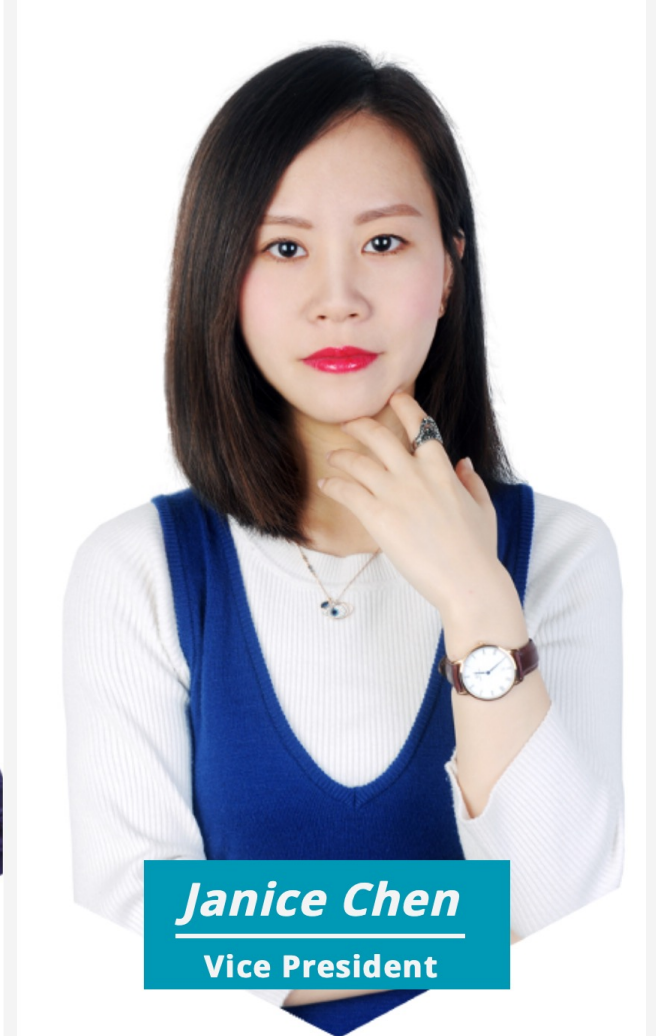

Novel offers a full line of vaping solutions to meet all customer needs. Whether you are a large Multi-State Operator looking to private label or a single location shop, we have the ability to design, brand and produce your ideal vape solution.

Novel Pure Vape incorporates a tailored set of services at a competitive price all while alleviating any concerns about product quality or purity. Novel has provided vaping solutions to Europe, the Middle East, North & South America, and we continue to expand our customer base through great partnerships and the highest quality products.

James Chen

CEO

Janice Chen

Vice President

Armen Khoylian

Director North America

NOVEL **NORTH AMERICA**

Impressed by the health & lifestyle benefits of cannabis, Armen saw the need for a pure, healthy vaping solution that consumers could trust.

In 2018, Armen began searching for a partner to share his vision. During his travels to China for meetings with numerous manufacturers, he met James Chen & Janice Chen of Novel in Shenzhen. Their dedication to corporate culture, innovation, and product quality set Novel apart.

After forming a friendship and partnership with James & Janice, the next clear step was to bring the innovation of Novel Pure Vape to North America.

With a focus on providing the best service to its North American customers, we opened our first sales & service office in the Northeastern United States. With future plans of expansion into other regions, this move provides convenient hours of operation, a more efficient product delivery system, and best of all, a friendly voice on the phone or in person when you need us.

BESPOKE SOLUTIONS

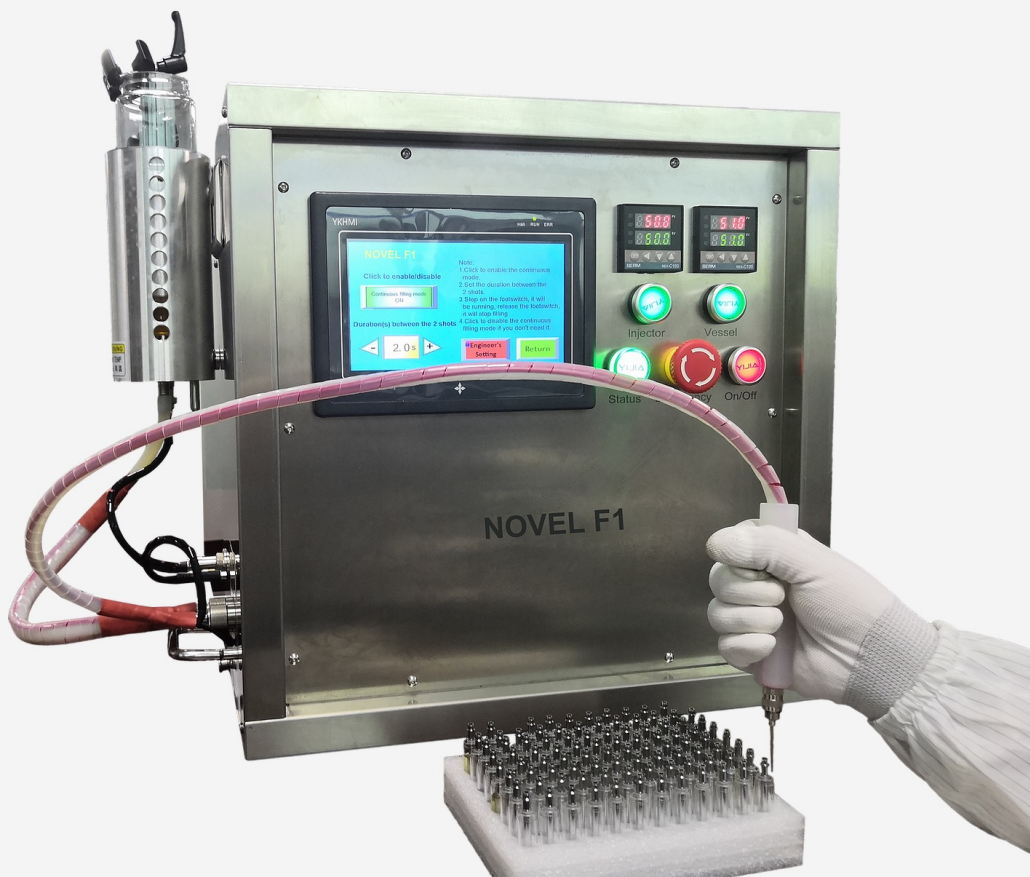

Custom Designed

- Branding
- Packaging
- Marketing Materials
- Operational Flow & Equipment

We work with you, side by side, to bring your business to life with customized solutions that fit your business needs. Our team of experienced marketing professionals, engineers and designers provide a custom-tailored end-to-end suite of products & services for your business.

We have helped cultivators, extractors & retailers deliver to customers around the globe.

YOUR **BUSINESS**

From filling machines to branded products and packaging, our experienced designers and engineers work with you, providing custom solutions to bring your brand to life.

As a trusted supplier, you can rest easy knowing you are partnering with a North American based, highly experienced business partner. Quality assurance is backed by Novel's Zero Risk Commitment which covers all bases during the design, implementation and delivery of your branded business solutions.

HIGH-END **DEVICES**

A complete product line of cartridges & batteries for your blends and extracts. We have everything you need for your proprietary oil and will work together to get you the best device to suit your needs.

CARTRIDGES

SNOWMAN C3

Unique design with medical grade ceramic base, coil, glass & ceramic center post. Polished ceramic mouth piece & press fit, no glue design for purest quality vaping experience.

Heating Coil:	Proprietary high quality ceramic coil
Mouthpiece:	Polished medical grade ceramic tapered
Center Post:	Polished medical grade ceramic
Resistance:	1.4 ohms
Battery Connect:	510 Thread
Tank Volume:	.5ml, 1.0ml
Tank Material:	Quartz Glass
Intake Holes:	.5ml - 3x1.8mm, 3x2.0mm 1.0ml - 3x1.8mm
Filling:	Top load, compatible with most filling machines
Color Options:	Soft White, Black (upon request)
Dimensions:	.5ml: 11.3mm (ØD) x 57mm (L), 12.5 grams 1.0ml: 11.3mm (ØD) x 68.5mm (L), 14.2 grams

Designed to meet all safety standards for North America. Guaranteed non leaching, BPA & Pesticide free materials and meet heavy metal compliance.

FEATURES

- Industry leading full ceramic cartridge design
- Medical grade Zirconia
- Highest quality quartz glass tank
- Premium 18 day sintering process to ensure quality

CUSTOMIZATION

- Logo printing
- Color options: White, Black , Blue, Pink & Yellow
- Press fit or screw on mouthpiece
- Multi Color Ceramic, Zirconia or wood mouthpieces
- MOQ for Custom Printed – 3000pcs

PRODUCTION INFO

- 6 month warrantee
- Production capacity 150k/month
- Lead Time: 7 Days

FILLING

1. Unscrew the mouthpiece.
2. Fill oil along the glass wall. Do not allow oil to enter the center airway tube. Leave space and do not overfill.
3. Screw on mouthpiece firmly by hand tightening.
4. Store cartridge upside down.
5. Allow to stand 10 minutes prior to vaping.

CARTRIDGES

NOVEL GC1

Unique design with medical grade ceramic base, coil, glass & ceramic center post. Polished ceramic mouthpiece & press fit, no glue design for purest quality vaping experience.

Heating Coil:	Proprietary high quality ceramic coil
Mouthpiece:	Borosilicate glass
Center Post:	Borosilicate glass
Resistance:	1.4 ohms
Battery Connect:	510 Thread
Tank Volume:	.5ml, 1.0ml
Tank Material:	Borosilicate glass with press fit silicone seal
Intake Holes:	2 hole 1.5x3.2mm oval
Filling:	Bottom load
Color Options:	Soft White, Black (upon request)
Dimensions:	.5ml: 12mm (ØD) x 39.7mm (L), 8.5 grams 1.0ml: 12mm (ØD) x 51mm (L), 10 grams

Designed to meet all safety standards for North America. Guaranteed non leaching, BPA & Pesticide free materials and meet heavy metal compliance.

FEATURES

- Revolutionary full glass transparent oil tank & center post.
- Full ceramic coil, no cotton
- Easy fill upside down oil cup.
- Fast heat up and full strong puff.

CUSTOMIZATION

- Logo printing
- Engraving
- Silicone seal color options
- Silver, Gold & Rose Gold band options.
- MOQ for Custom Printed – 3000pcs

PRODUCTION INFO

- 6 month Warrantee
- Lead Time: 7 days
- Production capacity: 300k/month
- Appearance test (wear resistance, alcohol, sweat, adhesion, etc.)
- Function test (smoke volume, suction power, resistance, leakage)

FILLING

1. Place tank upside down.
2. Fill oil along the glass wall. Do not allow oil to enter the center airway tube. Leave space and do not overfill.
3. Screw on mouthpiece firmly by hand tightening.
4. Store cartridge standing upright.
5. Allow to stand 10 minutes prior to vaping.

NOVEL QC1

Innovative Quartz coil produced from the finest medical grade materials surpasses all quality & testing requirements. Fast heat up paired with efficient energy use & prolonged battery life.

Heating Coil:	Proprietary Quartz Coil
Mouthpiece:	Ergonomic silver threaded tip
Center Post:	Stainless steel
Resistance:	1.2 ohms
Battery Connect:	510 Thread
Tank Volume:	.5ml, 1.0ml
Tank Material:	Borosilicate glass
Intake Holes:	4x1.8mm (<i>honey like</i> oils & resins)
Filling:	Top load, compatible with most filling machines
Color Options:	Silver
Dimensions:	.5ml: 10.6mm (ØD) x 52mm (L), 8.7 grams 1.0ml: 10.6mm (ØD) x 62mm (L), 10 grams

Designed to meet all safety standards for North America. Guaranteed non leaching, BPA & Pesticide free materials and meet heavy metal compliance.

FEATURES

- 1st to bring quartz coil technology to the market.
- Self-developed suction test can be 100% full inspection, strong stability.
- Unique, comfortable mouthpiece shape.
- Quartz coil with faster permeability & Stronger Acid resistance

CUSTOMIZATION

- Logo printing
- Engraving
- Colored band option
- MOQ for Custom Printed – 3000pcs

PRODUCTION INFO

- 6 month warrantee
- Lead Time: 7 days
- Production capacity: 150k/month

FILLING

1. Unscrew the mouthpiece.
2. Fill oil along the glass wall. Do not allow oil to enter the center airway tube. Leave space and do not overfill.
3. Screw on mouthpiece firmly by hand tightening.
4. Store cartridge upside down.
5. Allow to stand 10 minutes prior to vaping.

NOVEL QC2

Innovative quartz coil produced from the finest medical grade materials provides superior oil atomization & flavor. Fast heat up paired with efficient energy use & prolonged battery life. Slanted center for better oil drop & pressed fitting to prevent leakage.

Heating Coil:	Proprietary quartz coil
Mouthpiece:	Stainless steel rounded tip
Center Post:	Stainless steel
Resistance:	1.3 ohms
Battery Connect:	510 Thread
Tank Volume:	.5ml, 1.0ml
Tank Material:	Borosilicate glass
Intake Holes:	4x1.6mm (<i>honey like</i> oils & resins)
Filling:	Top load, slanted center, compatible with most filling machines
Color Options:	Stainless steel with black or white seals
Dimensions:	.5ml: 10mm (ØD) x 42.6mm (L), 14.2grams 1.0ml: 10mm (ØD) x 55.2mm (L), 15.4 grams

Designed to meet all safety standards for North America. Guaranteed non leaching, BPA & Pesticide free materials and meet heavy metal compliance.

FEATURES

- Rounded mouthpiece shape with comfortable feel.
- Unique quartz coil design for purest taste.
- Innovative design with no leak silicone & metal caps
- Quartz coil with faster permeability & Stronger Acid resistance.

CUSTOMIZATION

- Colored silicone & band options
- Logo printing
- Engraving
- Mouthpiece available in metal or POM
- MOQ for Custom Printed – 3000pcs

PRODUCTION INFO

- 6 month Warrantee
- Lead Time: 5–7 working days
- Production capacity: 300k/month

FILLING

1. Unscrew the mouthpiece.
2. Fill oil along the glass wall. Do not allow oil to enter the center airway tube. Leave space and do not overfill.
3. Screw on mouthpiece firmly by hand tightening.
4. Store cartridge upside down.
5. Allow to stand 10 minutes prior to vaping.

NOVEL QC3

Innovative quartz coil produced from the finest medical grade materials provides superior oil atomization & flavor. Fast heat up paired with efficient energy use & prolonged battery life. Slanted center for better oil drop & pressed fitting to prevent leakage.

Heating Coil:	Proprietary quartz coil
Mouthpiece:	ABS BPA free tapered tip
Center Post:	Stainless Steel
Resistance:	1.3 ohms
Battery Connect:	510 Thread
Tank Volume:	.5ml, 1.0ml
Tank Material:	Borosilicate glass with silicone seals
Intake Holes:	4x1.6mm (<i>honey like oils & resins</i>)
Filling:	Top load, compatible with most filling machines
Color Options:	White, Black
Dimensions:	.5ml: 10mm (ØD) x 55.9mm (L), 9.8 grams 1.0ml: 10mm (ØD) x 68.75mm (L), 11.5 grams

Designed to meet all safety standards for North America. Guaranteed non leaching, BPA & Pesticide free materials and meet heavy metal compliance.

FEATURES

- Tapered mouthpiece shape, comfortable feel.
- Unique quartz coil, offer best tasting vape.
- Self-developed suction test can be 100% full inspection, strong stability.
- Quartz coil with faster permeability & stronger acid resistance

CUSTOMIZATION

- MOQ for Custom Printed – 3000pcs

PRODUCTION INFO

- 6 month Warrantee
- Lead Time: 7 working days
- Production capacity: 300k/month

FILLING

1. Unscrew the mouthpiece.
2. Fill oil along the glass wall. Do not allow oil to enter the center airway tube. Leave space and do not overfill.
3. Screw on mouthpiece firmly by hand tightening.
4. Store cartridge upside down.
5. Allow to stand 10 minutes prior to vaping.

N - LOCK

Innovative Quartz coil produced from the finest medical grade materials provides superior oil atomization & flavor. Fast heat up paired with efficient energy use & prolonged battery life. Slanted center for better oil drop along with twist lock gear, closable intake hole to prevent leakage.

Heating Coil:	Proprietary Quartz Coil
Mouthpiece:	Food grade POM
Center Post:	Stainless steel
Resistance:	1.3 ohms
Battery Connect:	510 Thread
Tank Volume:	.5ml, 1.0ml
Tank Material:	Borosilicate glass with silicone seals
Intake Holes:	2x1.6mm (<i>honey like oils & resins</i>)
Filling:	Top load, compatible with most filling machines
Color Options:	White, Black
Dimensions:	.5ml: 10.5mm (ØD) x 47mm (L), 11.6grams 1.0ml: 10.5mm (ØD) x 57mm (L), 12.5grams

Designed to meet all safety standards for North America. Guaranteed non leaching, BPA & Pesticide free materials and meet heavy metal compliance.

FEATURES

- Rounded tip shape, comfortable feel.
- Unique, 1st to market twist locking system stops oil flow on or off battery. No leaks.
- High airflow design
- Unique Quartz coil & premium quartz glass tank with faster permeability & stronger acid resistance

CUSTOMIZATION

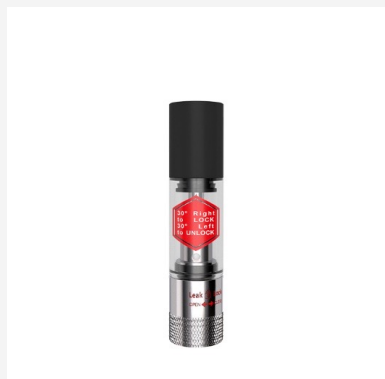

- Logo printing
- Engraving
- Band & silicone seal color options
- Black/White POM or Stainless mouthpiece options
- MOQ for Custom Printed – 3000pcs

PRODUCTION INFO

- 6 month Warrantee
- Lead Time: 7 working days
- Production capacity: 150k/month

FILLING

1. Unscrew the mouthpiece.
2. Before oil filling: lock the oil inlet hole; (for thick oil, open the oil inlet hole, and lock the oil inlet hole after oil filling)
3. Fill oil along the glass wall. Do not allow oil to enter the center airway tube. Leave space and do not overfill.
4. Screw on mouthpiece firmly by hand tightening.
5. Store cartridge upside down.
6. Allow to stand 10 minutes prior to vaping.

DISPOSABLES

SNOWMAN^{D1R}

Stylish, high quality disposable. Medical grade ceramic base & coil with glass & ceramic center post. Draw activated eliminates confusing buttons, polished ceramic tapered mouthpiece & soft coated battery make this a pleasure to use.

Heating Coil:	Proprietary high quality ceramic coil
Mouthpiece:	Polished high-end medical grade ceramic tapered
Center Post:	Polished high-end medical grade ceramic
Resistance:	1.4 ohms
Voltage:	3.5v Draw activated
Battery:	320mah Grade A Lithium-ion
Tank Volume:	.5ml
Tank Material:	High quality quartz glass
Intake Holes:	4x1.8mm
Filling:	Top load, compatible with most filling machines
Color Options:	Soft White, Black (upon request)
Charging:	USB Micro-B port
Dimensions:	11.2mm (ØD) x 118mm (L), 24 grams

Designed to meet all safety standards for North America. Guaranteed non leaching, BPA & Pesticide free materials and meet heavy metal compliance.

FEATURES

- First disposable to utilize medical grade zirconia.
- Industry leading full ceramic cartridge design.
- High tech ceramic coil design for cleanest vape.
- Highest quality quartz glass tank
- Premium 18 day sintering process to ensure quality

CUSTOMIZATION

- Logo printing
- Engraving
- Mouthpiece color options: White, Black , Blue, Pink & Yellow
- Press fit or screw on mouthpiece
- Multi Color Ceramic, Zirconia or wood mouthpieces
- Rubberized battery coatings
- Multiple LED color options
- MOQ for Custom Printed – 3000pcs

PRODUCTION INFO

- 6 month Warrantee
- Lead Time: 18 days
- Production capacity: 100k/month

FILLING

1. Unscrew the mouthpiece.
2. Fill oil along the glass wall. Do not allow oil to enter the center airway tube. Leave space and do not overfill.
3. Screw on mouthpiece firmly by hand tightening.
4. Allow to stand 10 minutes prior to vaping.

NOVEL **D2R**

Unique oval design with windowed, concealed oil tank. Rechargeable to ensure the highest powered vape. The ND2R incorporates a delicate design that gives this disposable a classy and discrete look for any occasion.

Heating Coil:	Proprietary ceramic coil
Mouthpiece:	ABS plastic
Center Post:	Stainless Steel
Resistance:	1.3 ohms
Voltage:	3.5v Draw Activated
Battery:	210mah Grade A Lithium-ion
Tank Volume:	.5ml
Tank Material:	Borosilicate glass
Intake Holes:	4x1.6mm (<i>honey like oils & resins</i>)
Filling:	Top load, compatible with most filling machines
Color Options:	Soft White, Black (Rose Gold & Copper upon request)
Charging:	USB Micro-B rechargeable
Dimensions:	10.8mm (ØD) x 96.5mm (L), 14.2 grams

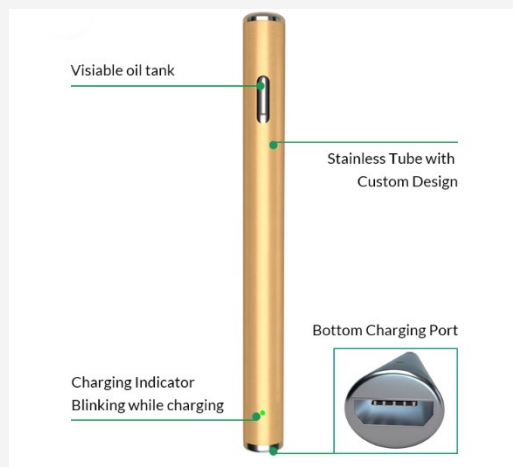

Designed to meet all safety standards for North America. Guaranteed non leaching, BPA & Pesticide free materials and meet heavy metal compliance.

FEATURES

- 1st oval shape disposable.
- Sleek, discrete design comfortably fits in hand.
- Ceramic + Organic Cotton Coil with 316 Stainless wire for clean & efficient vaping
- Hidden, windowed tank
- Micro-B USB charging port.

CUSTOMIZATION

- Logo printing
- Engraving
- Painting
- Rubberized or electro plating coating options
- Multiple mouthpiece color options
- MOQ for Custom Printed – 3000pcs

PRODUCTION INFO

- 6 month Warrantee
- Lead Time: 7 working days
- Production capacity: 100k/month

FILLING

1. Unplug the mouthpiece.
2. Fill oil along the two side holes. Do not allow oil to enter the center airway tube. Leave space and do not overfill.
3. Press on mouthpiece firmly.
4. Allow to stand 10 minutes prior to vaping.

NOVEL D7R

Classic style and comfort in a sleek black finish and rounded mouthpiece. Medical grade materials, quartz coil and glass tank with no glue design. Available with .5ml or 1.0ml tank sizes and two innovative variations.

Heating Coil:	Proprietary quartz coil design
Mouthpiece:	Food grade POM tip
Center Post:	Stainless Steel
Resistance:	1.3 ohms
Voltage:	3.5v Draw Activated
Battery:	180mah Grade A Lithium-ion
Tank Volume:	.5ml , 1.0ml
Tank Material:	Borosilicate medical grade glass
Intake Holes:	4x1.6mm
Filling:	Top Load, compatible with most filling machines
Color Options:	Black
Charging:	USB Micro-B charging port
Dimensions:	.5ml: 10mm (ØD) x 103mm (L), 16 grams 1.0ml: 10mm (ØD) x 115.5mm (L), 17 grams

Designed to meet all safety standards for North America. Guaranteed non leaching, BPA & Pesticide free materials and meet heavy metal compliance.

FEATURES

- Sleek, discrete design comfortably fits in hand.
- Ceramic + organic cotton coil with 316 Stainless wire for clean & efficient vaping
- Medical grade materials
- Can be wrapped with custom designed, branded stickers
- .5ml or 1.0 ml options.

CUSTOMIZATION

- Logo printing
- Engraving
- Painting
- Multiple color options, rubberized or printed sticker coatings
- MOQ for Custom Printed – 3000pcs

PRODUCTION INFO

- 6 month Warrantee
- Lead Time: 5–7 working days
- Production capacity: 250k/month

FILLING

1. Unscrew the mouthpiece.
2. Fill oil along the glass wall. Do not allow oil to enter the center airway tube. Leave space and do not overfill.
3. Screw on mouthpiece firmly by hand tightening.
4. Allow to stand 10 minutes prior to vaping.

SNOWMAN **POD**

Stylish, modern ceramic one-piece design that won't leak in an innovative, compact rechargeable case. Our most popular product as the manufacturing quality and proprietary design promotes customer loyalty.

Heating Coil:	Proprietary high quality ceramic coil
Mouthpiece:	Polished high-end medical grade ceramic tapered
Center Post:	Polished medical grade Zirconia
Resistance:	1.4 ohms
Voltage:	Selectable 1.9v, 2.5v & 3.0v
Battery:	400mah Grade A Lithium-ion
Tank Volume:	1.0ml
Tank Material:	Quartz glass with press fit silicone seal
Intake Holes:	4x1.6mm
Filling:	Top load, compatible with most filling machines
Color Options:	White
Charging:	USB Type-C port
Dimensions:	17mm (ØD) x 98mm (L), 27 grams

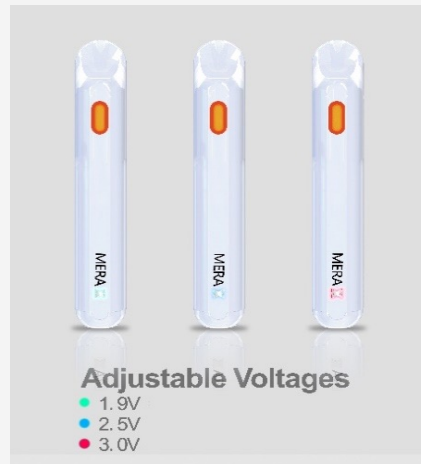

Designed to meet all safety standards for North America. Guaranteed non leaching, BPA & Pesticide free materials and meet heavy metal compliance.

FEATURES

- Sleek, Discrete design comfortably fits in hand.
- 1st Glass, ceramic & Zirconia pod on the market.
- Advanced technology & medical grade materials give the best tasting vape.
- Proprietary design allows for return customers & brand loyalty
- Modern USB type-C Charging port

CUSTOMIZATION

- Logo printing
- Color options
- MOQ for Custom Printed – 3000pcs

PRODUCTION INFO

- 6 month Warrantee
- Lead Time: 5–7 working days
- Production capacity: 100k/month

FILLING

1. Mouthpiece will be separated from tank upon delivery
2. Fill oil along the glass wall. Do not allow oil to enter the center airway tube. Leave space and do not overfill.
3. Press on mouthpiece firmly.
4. Allow to stand 10 minutes prior to vaping.

PODS

PUREFECT

Attractive, sleek & stylish one piece design in a compact rechargeable case. Tamper-proof seal provides leak proof assurance. Classy, comfortable design ensures you will barely know it's in your pocket.

Heating Coil:	Proprietary high quality ceramic coil
Mouthpiece:	Polypropylene
Center Post:	Stainless Steel
Resistance:	1.2 ohms
Voltage:	3.5v Draw Activated
Battery:	280mah Grade A Lithium-ion
Tank Volume:	.5ml
Tank Material:	Eco-Friendly Polyethylene glycol (recyclable)
Intake Holes:	2x2.0mm, 2x1.5mm, 2x0.8mm
Filling:	Top load, compatible with most filling machines
Color Options:	Silver, Black (Green, Red, Blue upon request)
Charging:	Pre-charged, USB Micro-B Port, White LED
Dimensions:	9.4mm (D) x 13.7mm (W) x 91mm (L), 20 grams

Designed to meet all safety standards for North America. Guaranteed non leaching, BPA & Pesticide free materials and meet heavy metal compliance.

FEATURES

- Exclusive patented tamper-proof tear off seal solves any leakage problems as oil level won't lower or leak before use.
- Attractive, sleek & discrete POD design for CBD or THC oils.
- Customizable battery colors
- Micro-B USB charging.

PRODUCTION INFO

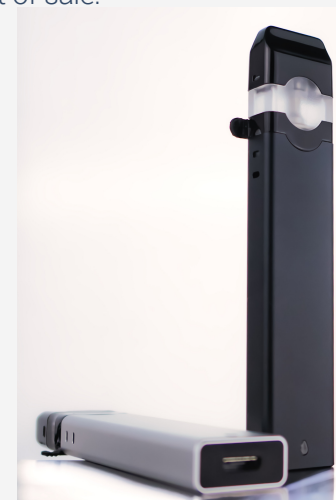

- 6 month Warrantee
- Lead Time: 10 Working Days
- Production capacity: 50k/month

CUSTOMIZATION

- Logo printing
- Multiple color options
- Rubberized coating options
- MOQ for Custom Printed – 5000pcs

FILLING

- Fill oil into two side holes. Don't over fill or make oil enter the center airway.
- Press-fit the mouthpiece until it's firmly seated.
- Allow to stand for 10 minutes prior to vape.
- Do not remove tear strip. This is removed by the user after the point of sale.

SNOWMAN **B2**

This stylish high grade polymer lithium-ion battery is available in silver, black and white finishes. Three voltage settings + preheat make this a powerhouse for all variations of extracts.

Voltage:	1.8v Pre-heat with selectable 2.6v, 3.3v & 4.0v settings
Battery:	350mah Grade A Lithium-ion
Battery Connect:	510 Brass Thread
Color Options:	Soft White (Black & Silver upon request)
LED Lighting:	White, Green, Blue & Red based on voltage settings
Charging:	USB A via 510 thread adapter
Dimensions:	10.5mm (ØD) x 86mm (L), 19.1 grams

Designed to meet all safety standards for North America. Guaranteed non leaching, BPA & Pesticide free materials and meet heavy metal compliance.

FEATURES

- Stylish high quality 350mah polymer lithium ion battery.
- Ideal for Snowman cartridge with special PCB board.
- Works with 510 thread cartridges.
- 10.5mm dia. and 86mm length provides great fit for users.
- 3 clicks: Green-2.6V. Blue-3.3V. Red-4.0V
- Pre-heat function

CUSTOMIZATION

- Logo printing
- Engraving
- Multiple color options
- Rubberized coating
- MOQ for Custom Printed – 1000pcs
- Standard color: White/Black; Other colors: 3000pcs MOQ

PRODUCTION INFO

- 6 month warrantee
- Lead Time : 7 days.
- Production capacity: 80k/month

NOVEL **B9** & **B10**

A cost effective & stylish stainless steel shell housing a high grade polymer lithium-ion battery. Three voltage settings + preheat make this a powerhouse for all variations of extracts. Micro-B charging port inside the ABS bottom tip.

Voltage:	2.0v Pre-heat with selectable 2.4v, 3.2v & 4.0v settings
Battery:	350mah Grade A Lithium-ion
Battery Connect:	510 Brass Thread
Color Options:	Stainless Steel 304 Silver (White & Black upon request)
LED Lighting:	White, Green, Blue & Red based on voltage settings
Charging:	USB Micro-B, USB A via 510 thread adapter
Dimensions:	NB9: 11.2mm (ØD) x 86.8mm (L), 18.5 grams NB10: 10.5mm (ØD) x 86.8mm (L), 17.5 grams

Designed to meet all safety standards for North America. Guaranteed non leaching, BPA & Pesticide free materials and meet heavy metal compliance.

FEATURES

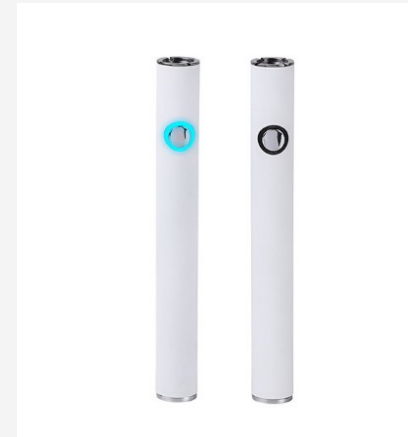

- Stylish, cost effective high quality 350mah lithium-ion battery.
- Works with 510 thread cartridges.
- Manual selectable low/high voltage setting
- 3 clicks: Green-2.6V. Blue-3.2V. Red-4.0V
- Pre-heat function.
- Dual charging capability with a screw on Usb-A charging port and a micro USB charging point on tip.
- Highest cost effective for your customers' 11.2mm (NB9) or 10.5mm (NB10) diameter cartridges.

PRODUCTION INFO

- 6 month Warrantee
- Lead Time : 7 days.
- Production capacity: 50k/month

CUSTOMIZATION

- Logo printing
- Engraving
- Multiple color options
- Rubberized coatings
- MOQ for Custom Printed – 1000pcs
- Standard color: White/Black; Other colors: 3000pcs MOQ

NOVEL **B11**

An affordable high grade polymer lithium-ion battery. Easy to use, draw activated 3.4v power make this a perfect high powered solution for all extracts. Micro-B charging port inside the ABS bottom tip.

Voltage:	3.4v Draw activated
Battery:	350mah Grade A Lithium-ion
Battery Connect:	510 Brass Thread
Color Options:	Stainless Steel plated White
LED Lighting:	Bottom mounted White LED
Charging:	USB Micro-B, USB A via 510 thread adapter
Dimensions:	10.5mm (ØD) x 77.5mm (L), 16.1 grams

Designed to meet all safety standards for North America. Guaranteed non leaching, BPA & Pesticide free materials and meet heavy metal compliance.

FEATURES

- Draw activated 350mah polymer lithium-ion battery is simple to operate and delivers a constant 3.4v.
- Attractively priced
- Regulates heating with automated power wave temperature control.
- Works with 510 thread cartridges.
- Dual charging capability with a screw on Usb-A charging port and a micro USB charging point on tip.

PRODUCTION INFO

- 6 month Warrantee
- Lead Time : 7 days.
- Production capacity: 50k/month

CUSTOMIZATION

- Logo printing and engraving
- Rubberized coatings
- MOQ for Custom Printed – 1000pcs
- Standard color: White/Black; Other colors: 3000pcs MOQ
